

MOORE'S TANK SERVICES INC.

Underground Storage Tank Certification of Removal

This is to certify that Moore's Tank Service, Inc. removed the below referenced residential underground storage tank (UST) using the practices and procedures outlined in Bulletin 95-1B, example "B" of the State of New Jersey, Department of Community Affairs, Division of Codes and Standards.

Summary of work performed: Removed heating oil from UST, Tank excavated, cut open, sludge was removed and inside cleaned. UST was removed, inspected and approved by local construction official. Tank and excavation soils were inspected by Moore's Tank Services Inc. and the **Your Home Town's Inspector**. There was no evidence of a discharge. Excavation was filled. Tank was recycled at a proper recycling facility. The residual sludge and/or water were disposed at a licensed facility.
